Delve into a good book with your friends and family and complete the range of reading challenges that can be found on the BSAK READING CHALLENGE BLOG.

Ask your parents to sign your passport after you have completed each one.

Every time you complete 6 reading challenges show your passport to your class teacher for them to sign.

See how many you can complete before the end of May 2017. New challenges will be added throughout the year and you could even suggest some of your own.
